

NEW EQUIPMENT for Mokena village park makes that spot more inviting for youngsters. These devices -- they're called Saddlemates -- resembling birds and animals, can be made to move forward and back and sideways, were purchased for the park by the Mokena Lions Club. The Lions have contributed something in the way of playground equipment each year, for use in this park. In the picture above (l to r) are: Sally, Morrall, Lorraine Hausser, Linda Bruhn and Arlene Larimore. The picture at the side offers a closer view of one of the Saddlemates -- this one a duck. The young lady aboard is the Hausser girl.

BREAK GROUND for new home of the Mokena Pharmacy. The new building will be on Front St., in the block west of its present location. It will be next door to Wilbur's Mid-west Super Market. Daniel Kurber, registered pharmacist who owns and operates the Mokena Pharmacy (right) and his father-in-law, Arthur Melin, who is associated with him in the business, formally broke ground for the new store last Thursday. There will be space for a doctor's office and rooms included in the plans. It was expected that the new store would be ready for occupancy in mid-autumn. (Graphic Newspapers photo)

Accreditation Group Gives Lincoln-Way OK

For the 11th consecutive year Lincoln-Way High School has been given unqualified approval by the North Central Association of Secondary Schools and Colleges.

Official word to this effect has been received by Supt. A. Hunter Chapman from Lowell B. Fischer, state chairman of the accreditation body.

Membership in the association is on a voluntary basis. It is made up of secondary schools and colleges in the 19-state area in the Midwest and Southwest.

All policies and criteria are designed by the members, along with the strict and necessary adherence to these regulations. Teacher qualifications, salaries, guidance facilities, library materials, community and board of education support, building facilities, are only a few of the many areas carefully evaluated for accreditation, it was explained.

If a high school, for instance, is unaccredited, its graduates would find it difficult to get into a college since their credits would not be recognized, it was said.

Shut Off Mokena Water To Link Up New Mains

Mokena residents will be without water this afternoon (Thursday) from 12 noon to 5 o'clock, it was announced by Village Engineer Ralph Yunker.

This is necessary, he explained, to permit the linking of new water lines with the old. Water will not be turned into the new mains yet, since they will have valves that close them off from the older lines.

Blaine Saxton, the contractor, told village officials that unless there were complications the installation of the links would be finished Thursday. In the event the work cannot be done in that time the water will be shut off again tomorrow (Friday) for the same hours, from 12 noon to 5.

Trustee Gary Chase said that village officials are grateful for the manner in which residents have accepted interruption of water service in various spots to date. Those were in localities where mains could be closed

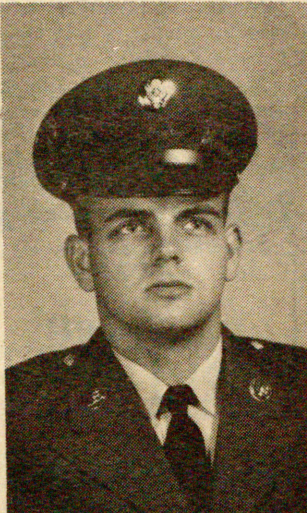

off and some residents were without service for two or three hours but did not complain.

Work is progressing rapidly on the water main installation and Saxton hopes to have the work completed by the week-end or early next week.

A 100-foot 15-inch casing was installed under the Rock Island tracks on Mokena St., Monday evening. An 8-inch watermain passes thru the casing. This is required so that in event of a leak the water will not effect the bed of the railroad tracks.

Work on the rebuilding of Front St., between Wolf Rd. and the west village limits, is progressing satisfactorily it was reported. Curbs and gutters were being installed this week.

Blacktop Paving Co., of Joliet, has the contract for oiling and chipping the streets of the village. It will cost approximately \$5,000. The work will be done later in the summer, it was said.

PVT. DENNIS D. HEIM, son of Mr. and Mrs. Joseph Heim, 19718 Wolf Rd., Mokena, has successfully completed a turbine helicopter repair course at the U.S. Army Transportation School, Fort Eustis, Va. Pvt. Heim was an honor student, having served the highest academic standing in his class. He was chosen to remain at Fort Eustis to attend an advanced school on helicopter repairs. The 20-year old soldier entered the service in December, 1965, and took his basic training at Fort Polk, La. He was graduated from Lincoln-Way High School in 1963 and was enrolled in the 4-year manufacturing program at the Caterpillar plant in Joliet at the time he was taken into the army.

Defeat School Issues At Mokena; May Vote Again

Mokena residents voted down the three school propositions set up in the referendum conducted last Saturday. One of the them was the proposal to increase the educational tax fund rate from 86 cents to \$1.07. One was a \$95,000 bond issue to build a six-classroom addition to the Willowcrest building, and the other was a \$54,000 bond issue to purchase approximately 22 acres of land as a future school site. Each proposition was a separate ballot.

The rejection of the proposals by the voters is a disappointment to school board members administrators. They declare that the six-room addition is necessary to meet needs of the immediate future and that the 21-cent increase in the educational fund rate is a necessity if the district is to operate properly.

Indications are that these two proposals will be submitted at another referendum to Sept. 27. That date is the deadline for filing a tax levy for collection next year.

Whether the school site proposal will be included in any referendum this fall has not been decided. Last Saturday was the third time the proposed land purchase has been voted down since last September.

The asking price for the land is approximately \$2,500 an acre. From talk prior to and after election quite a

number of voters apparently believed the price was too high. The land deal was first defeated in September, 1965. At that time it was on a ballot with the proposed educational tax rate increase and a proposed 12-room school.

Last December the land proposal on a separate ballot was defeated by 24 votes. Last Saturday it lost by 43 votes, 427 to 384.

The proposal to approve a \$95,000 bond issue to defray the cost of a six-room addition to Willowcrest School lost by two votes, 408 to 406.

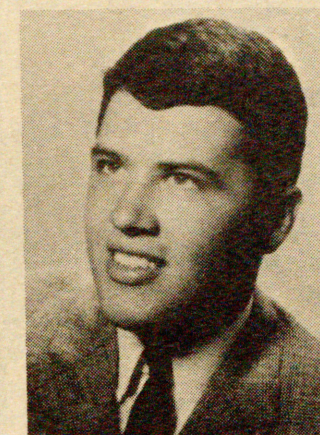

The proposed 21-cent increase in the educational fund tax rate lost by 21 votes, 416 to 395.

This was the second time

this tax increase was voted down, the first time having been last September.

The board can call another referendum for the proposed tax rate increase in 60 days, according to law. If one is held and approved before the fourth Tuesday in September the levy can be filed with the county clerk at the new figure and it would collectible next year. If the approval came after Sept. 27 then the new rate would not be applied until 1968, it was explained.

The total vote last Saturday was 826.

ROBERT B. BREIDERT, son of Mr. and Mrs. Burton Breidert was graduated from the University of Illinois on June 18, receiving a Bachelor of Science degree in economics. He plans to enter OCS, US navy in the fall.

Mokena Summer Reading Club Opens to Grades 1-8

Telephone: 479-9321

The Summer Reading Club for Mokena area children started Wednesday, June 22nd for children in grades 1 through eight. The theme for 1966 is "Moving Towards Mokena's New Library" with a graphic chart to show the children's individual progress.

The chart, designed by Thomas Miller, a 6th grade student at Willowcrest, shows a drawing of the "dream" library Mokena hopes to achieve through a referendum this summer, with spaces for the children to move towards this goal as in a game. Each square moved symbolizes a book read by the child. Each entrant selects a tally in the shape of a child and writes his name on it. Then the tally is moved across the chart

as books are read.

Children must keep a list of the books read to be turned in at the end of the contest, August 24th, and may take only 4 books a week from the library. The child reading the most books will receive the book of his choice for a prize.

A good selection of children's books will be on hand for the contest with 600 new State books on loan from Willowcrest Library for the summer, in addition to the 400 currently being circulated from the State by the Mokena Library. These special collections are on temporary loan and will not be continued if the voters of Mokena do not approve the Library issue when it comes to a vote.

The Mokena library is operated by the Mokena book club with volunteer help and is open on Wednesdays from 3:30 to 5 and 7:30 to 9. It is open without charge to all area residents. Until recently, Frankfort had a similar library situation, but it has voted to establish a tax supported library and will now be entitled to state books on a continuing basis as well as other state and local aid. These important benefits will be available to Mokena residents if tax support is voted at the referendum, probably to be held in August of this year.

Open Letter from the Hirschs

Dear friends,

After the funeral director has been called to attend a death in the family, each detail of the arrangements may confidently be left in his hands.

The family should, however, be prepared to provide the funeral director with the vital statistics about the deceased to complete the death certificate.

Soon it will be fun time in Mokena as plans to provide a bigger and better Fourth of July Celebration reach their final phase. Sixteen booths operated by local organizations only will be there to provide games of skill, food and entertainment. The opening day Saturday, July 2, will be highlighted by two special events. Norm Strassenburg, auctioneer, will open the bids on items gathered together by the Mokena Burros Midget football team at 3:30 and at 5 o'clock a teenage dance will be held.

Appoints Industrial Committee For Mokena

An Industrial Development Committee has been appointed to serve Mokena. It is made up of Robert Geuther, Maurice Angland, and John Langland. The appointments were made by Mayor Eric Book.

The committee is to prepare information relative to the opportunities offered by the Mokena area to manufacturers seeking new location for their plants.

It is reported that the junction of U.S. 45 with I-80 will afford the only full cloverleaf intersection between Cicero and Joliet. The intersection west of New Lenox, for instance, will require traffic on U.S. 30 to cross that thoroughfare to reach a ramp leading to I-80, or in leaving it, it was said.

I-80 and the Rock Island Lines will provide easy access to plants in the area from both east and west, it was pointed out.

There is an appropriation of \$1,000 available to the committee to gather and marshal facts to serve industries interested in locating in this region.

This area is looked upon as the "Ruhr valley" of North America, Richard L. Brownell, chief of the industrial division, U.S. Dept. of Commerce, with offices at Chicago, described this area as the "industrial heart of North America."

The Cal-Sag Channel, which is being widened and deepened will be finished next year, it was said, greatly increasing waterway shipments into the Chicago area with raw materials that will be fashioned into various products.

It was pointed out that this will be one of the big packaging centers in the country which should bring more plants to the region.

There is space for such plants in the Mokena area, it was said, space and transportation facilities and the Industrial Development Committee hopes to get a share for the community.

Arbury Hills

League To Sponsor Booths For Fourth

MRS. EDWARD HOVI
479-5740

The Arbury Hills Boys Baseball League will again participate in Mokena's Fourth of July Celebration at Mokena Community Park. The baseball league will sponsor two game booths over the weekend festivities, with one booth having transistor radios and the other having model kits.

There will have to be a minimum of one man and one woman on duty at each of these booths at all times. This will, of course, necessitate a great need for help. The chairman in charge of the baseball leagues participation will be Fran Crones with his helpers Lois Mangan, Joe Mangan, MaryAnn Tekotte, Barbara Lindeman, and Carolyn Crones.

Those contacted by these committee members, are asked to help with the necessary work.

There are a few angels floating around in the guise of ordinary men. One such angel is Mr. Ebert, who contributed his time and know-how to spread the sand at our ball field. Two more halo hidden angels are Mike and John from the Texaco Station who not only helped to grade the field, but also have put up with a parade of jiggling kids who have to use their facilities every time there is a game. As one of the many mothers, it is appreciated.

In spite of the ornery weatherman's interference recently, necessitating the cancellation of several games, there were many still played.

The #1 Farm Team called the Angels played their first season's scheduled game against Lincoln Estates with the woeful score ending at 21 to 1.

The #2 Farm Team, the Wildcats were rained out of their scheduled game and will try again.

The B team of the Minor League played a game on foreign grounds against Manhattan and ended on the wrong side of a 9 to 1 score, with the only bright spot being a home run by the catcher, Jimmy Froelich. Nice hit, Jim!

The Arbury Hills Sox Little League A Team played the Frankfort Cubs with our boys winning the game by the score of 9 to 2.

The Pony League Team, the Lincoln Hill Dodgers managed to get in two games with the first game being played against the New

Lenox Lions. Sorry to say the lopsided score of 14 to 5 was in favor of New Lenox. Our boys got in a second game against the Frankfort Giants with the game ending in a 5 to 5 tie.

The oldest group of boys, the Colt Team, the Arbury-Estates Cubs also managed to play two games with the first game against the New Lenox Lions. The 6 to 2 score was happily in our favor. The second game saw a turnabout with the Arbury-Estates Cubs being defeated by the Mokena Braves.

The Arbury Hills Baby Sitters Cooperative will have their secretary's book change hands from Mrs. Jean Cook, who has been secretary for the past month, to Mrs. Ardell Borchert, who will be secretary for the coming month of July.

Any member needing a sitter should contact Mrs. Borchert beginning on July 1, at least 24 hours in advance of the date needed. In addition, anyone in Arbury Hills interested in joining the group should also contact Mrs. Borchert at 479-5998.

Care to turn green with envy with me? The Joe Mangans spent a vacation in Florida recently, when Joe won the trip for two. The lucky winner of the six Mangan children during the trip was Grandma who came up here to help out with the kids so that Mrs. Mangan could go along.

Young Mike Louis, eight year old son of Mr. and Mrs. Frank Louis of Poplar Avenue managed to break his arm near the wrist while throwing a baseball, and that's not easy to do! Can anyone teach Mike to do the Australian crawl with one arm, since he will have his arm in a cast for a month.

Kevin Cumbee, infant son of Mr. and Mrs. John Cumbee on Birch Avenue, suffered a skull fracture, from a fall but is fortunately recuperating nicely following a stay in the hospital.

Schools Serve Community Needs

MRS. DELORES ANDERSON
Telephone: 485-2365

Regular school is out in New Lenox but the school buildings of New Lenox School District 122 serve many community needs during the summer months.

The Haven school is being used for two weeks for church school by the Lutheran church. Also, at the Haven school, the Teen Club from the New Lenox Hut has scheduled seven dances in the gym during the summer. The all-purpose room and the basement area of Oakview are being used by the Baptist church for their church school program.

The New Lenox summer school program is being held at the Oakview building where four classes will be in session for five weeks. Other activities scheduled for Oakview are the pre-school vision and hearing tests sponsored by the New Lenox Lions and P.T.O. and conducted by technicians of the Will County Health Department. For the primary election, both the Oakview and Schmuhl schools were used as precinct polling places.

During the regular school year, in addition to the many school activities, the buildings are used as meeting places by the girl scouts, boy scouts and 4-H organizations. Adult groups use the gyms at Haven and Oakview for physical fitness programs on Monday nights during the school year. Other adult groups using the facilities include the P.T.O. Band Boosters, and Ameri-

can Red Cross for first aid classes.

During the basketball season, the Haven gym serves as a practice court for the St. Jude's school basketball program and for local independent teams.

Groups, except those directly connected with the school system, are required to pay a rental fee for the use of facilities to offset custodial and maintenance expenses incurred.

The summer reading program for children, grades 1 thru 8 has started at the New Lenox Township library on Church street. Three hundred books have been bor-

rowed for this event. Certificates will be awarded for anyone completing this program.

Cub pack 6 of the Epis-

copal church have discontinued their meetings for the summer. They will convene again in September.

Forget that Gas is cheaper.

Gas can be beautiful.

Can a girl from the Midwest find complete happiness and a brighter life right in her own kitchen?

Sure she can. So can you.

It's as simple as tuning in a Northern Illinois Gas Company or appliance dealer's showroom. That's where you'll find high style gas ranges with crafted elegance from top to toe plate.

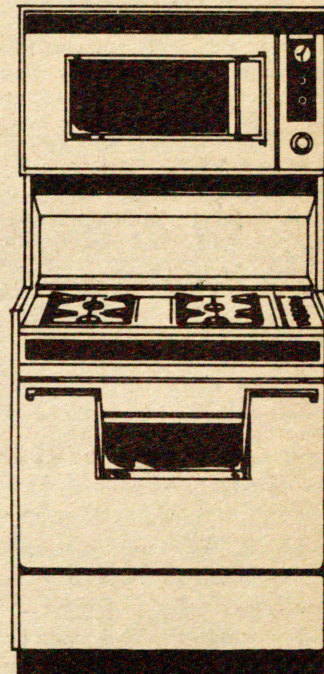

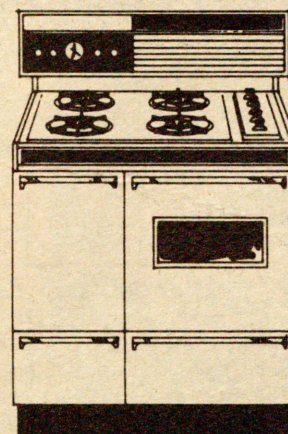

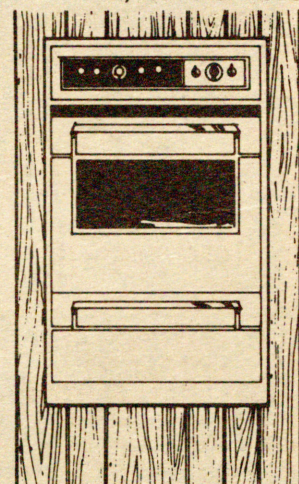

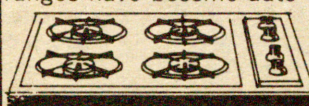

You're sure to find one that fits your color choice and kitchen space. There are built-in cook tops and ovens for that custom look, slide-in models with eye-level ovens, and high fashion free-standing models.

And it's almost like science-fiction the way gas ranges have become auto-

matic. You get features like the "Burner with a Brain" that does away with pot watching. Programmed ovens that automatically shut themselves down to a "keep warm" temperature after they bake or roast

meats. And smokeless closed-door broiling to keep your kitchen walls cleaner.

Tune in happiness that comes with a modern gas range in your kitchen. Visit your appliance dealer or nearest Northern Illinois Gas Company showroom.

Forget that gas is cheaper . . . remember that gas is modern

ON TERRACED LAWNS overlooking the vast marina and picnic acreage of CARROLL'S BLUFF LAKE RESORT is Stephanie Fania modeling a 3 pc. playsuit by Loomtogs-halter and shorts in mauve voile, lined sheer overjac in aqua voile. (\$18 at The Village Shop). CARROLL'S offers complete launching facilities and 96 slips. Some pier space is available under the new management.

"THE WATERFRONT NEVER LOOKED BETTER" according to Roy Jelinek proprietor of The Waterfront Inn on the Southwest shore of Grass Lake. Basking in the sun on the decks of a cruiser in the Waterfront marina are Helen and Marilyn, above, and Linda and Stephanie, below.

A WATERSKIIEER FLASHES BY in front of STEITZ'S RESORT & MARINA. Linda Berry watches from the vantage point of a pontoon boat in the cool comfort of Traditionals by Country Set in a yellow and white dacron check. The bermudas are completely lined (\$7 each at The Villager.) Steitz's also offers winter sports of tobogganing and ice skating, on beautiful Bluff Lake.

GOLF PRO JOHNNY MORAN gives Helen Steurer a few pointers at the George Diamond Country Club at Rte. 59 and Grass Lake Road. Helen's blue and white sleeveless blouse and pale blue bermudas are eye-catching (Top \$7, Bermudas \$8 at The Villager). The country club has 27 holes public and 18 holes private - also features a night lighted driving range.

BIG LOVABLE DUKE is the mascot of SHRADERS RESORT on the East Shore of Grass Lake. Picnickers watch as Marilyn Henner offers him a bone. Her shift is an Aztec print on silken polished cotton by Gary Jay of Calif. (\$14.98 at The Villager). In the background are some of the many rental boats for fishing and pleasure.

FISHING IS GOOD at WATERFRONT INN. Helen watches in a citron yellow slack set by Hollywood Casuals featuring top bell sleeve festooned with pompoms. (Top \$14, Slacks \$10 at The Villager) A family disembarks from their runabout in the background.

TIME FOR SMORGASBORD at SHRADERS. Violet Shrader serving and Frank K Shrader (in suit) host sumptuous gatherings of Chain O' Lakes notables at their beautifully remodelled Grass Lake Resort. Stephanie chose a vanilla beige sheath by Country Set with contour belt (\$25 at The Villager) for the occasion.

THE BEACH AT CARROLL'S BLUFF LAKE RESORT & MARINA is one of the finest on the Chain O' Lakes. Picnickers' children frolic with Helen at the waters edge, swing, and race across expansive lawns. Carroll's also has a bar, snacks, and jukebox.

RAY SULLIVAN, MANAGER OF GEO DIAMOND STEAK HOUSE, gives Linda a close-up view of the broiling steaks his establishment is famous for - "personally chosen by George Diamond," says Ray. Linda visits the luxurious club in a Young Edwardian ensemble by Arpeja - yellow rayon linen dress beneath a floral voile floater (\$45 at The Villager).

A MECHANIC SERVICES AN INBOARD at Steitz's Resort and Marina on Bluff Lake. Steitz's also offers one of the largest storage sheds in the Chain. Marilyn learned that their crews do refinishing as well as repairs.

Lt. and Mrs. Dennis G. Valy

St. Mary Of Mokena Scene Of Schmitz-Valy Wedding

St. Mary Catholic church, Mokena, was the setting for the marriage of Miss Gayle Alice Schmitz and Lt. Dennis Gordon Valy on Saturday, May 14 at 3:30 p.m. Rev. Cecil Koop officiated at the ceremony for the daughter of Mrs. Michael Derrig, 10823 Third st., Mokena, and the son of Mr. and Mrs. George Valy, 220 Haines, New Lenox.

Bouquets of white mums and gladioli adorned the

altar. Wedding selections were presented by Frances Klinger, soloist and Joann Kestel, organist.

Joseph Schmitz escorted his daughter to the altar. The bride wore a gown of peau de soie and peau d'angelace fashioned with a natural waistline long tapered sleeves ending in calla points, toe-length wand-slim skirt and detachable carriage train flowing from the waistline to cathedral-

length.

The bride's forward headpiece of alencon lace and organza loops caught her imported fingertip illusion veil. She carried a cascade of white gladioli with pearl accents and the pearl embroidery trim enhancing her veil and gown.

Maid of honor was Miss Lynn Bauman whose pink orchid gown possessed a summer brocade modified empire bodice with scoop neckline, elbow length sleeves, tailored bow and tabs at back waistline, a same-shaded crepe sheath skirt and a brocade wateau train flowing from back neckline. Her headpiece was an arrangement of fabric flowers and leaves with marine veiling. She carried a french colonial bouquet of pink carnations, sweetheart roses and lilies - of - the - valley, accented with moss green ribbon.

Bridesmaids were Mrs. Sharon Boyd, Miss Patricia Berrig and Miss Janet Rausch, who were dressed identically with the maid of honor.

Douglas Boyd performed the duties of best man. Ushers were Michael Derrig, William Alexander and William Wennlund.

A reception and buffet dinner was held at Brun's, New Lenox, immediately after the ceremony. Chuck Michael's orchestra furnished music for dancing.

Mrs. Derrig, mother of the bride, greeted guests in an aqua summer crepe sheath over-scored with lace jacket, matching accessories and a corsage of cymbidium orchids.

DEPRESSED BY SCHOOL VOTE

Dear Sir:

It has been many years since I have felt so sad and depressed as on Sunday morning when I heard that the people of the Mokena School District rejected the school bond issue. I want to be a proud resident of my community but how can one explain the disinterest, the downright refusal to face our responsibilities as evidenced in this election.

Some years ago a man long distinguished in public life remarked, "It isn't our desire to live that necessarily keeps us going, it is our responsibilities". Today too many people are unwilling to assume their responsibilities. Investing in the future of this country by insuring quality education for its children should be regarded as a privilege as well as a serious responsibility. We are far from affluent citizens, just average or less in preparation for retirement. I know that this tax increase would not be even a small sacrifice for us so I assume it would not be a any great sacrifice for any one else in this community.

A community that can support three prosperous taverns, innumerable "little" poker, pinocle, and like games, and related pleasures, should be able to share its income to provide a high quality of education for its children.

The Public School System crosses national, race, religious, and cultural barriers and is essential to a free society. It is the most important single institution in this country for maintaining the American way of life, a life that is the envy of the entire world.

Yet the people of the Mokena School District refuse the great privilege of educating their children in accordance with the pressing needs of today's world, for the uncertain future these children face and upon whose shoulders will soon be placed the responsibilities we shirk, with many more we can not now conceive nor imagine.

This vote showed to me the great need for adult education in this community, as well as a much greater effort for our children. We can not be proud of the picture we present as a community. Our standard of values is indeed distorted.

A Depressed Citizen

was worn by Mr. Valy, mother of the bridegroom. Her corsage was of cymbidium orchids.

When the couple departed for Fort Riley, Kans., were Lt. Valy will be stationed, the new Mrs. Valy donned a yellow linen three-piece suit with matching accessories and a white orchid corsage. The newlyweds are presently residing at the Golden Belt apartments, Junction City, Kan.

Pre-nuptial party hostesses were Mrs. Douglas Boyd and Mrs. James Horras.
